SUBJECT: Administrative Closing of Complaint Log # 1049437

The I/Sgt respectfully requests that this Complaint log be Administratively Closed as the Taser (X00-570665) has been recovered. Due to the following unusual circumstances the Taser was mistakenly reported missing;

- the Taser was deployed by PO Rigan on 18 Sep 11, during an arrest which resulted in PO Rigan needing immediate medical attention (See attached Taser Logs).
- PO Rigan has been IOD since this deployment (21 Sep 2011).
- the Taser was unintentionally placed in his locker along with all his gear on the night of the deployment, so that he could receive medical treatment.
- then the Taser was erroneously logged out on 27 Sep 11 by PO Washington who mistakenly signed on the wrong line (see attached Taser logs). He normally uses Taser # 13. Additionally, PO Washington failed to sign the Taser "In" at the end of his tour (He has since been Admonished by I/Sgt.)
